# GAME ON

## FOR INCLUSION

### ABOUT THE TRAINING COURSE

Going from "just using games" to designing them: the **process of designing a game** is itself a powerful and valuable learning process!

The **main aim** of the course is to acquire the knowledge and skills on facilitating a game design process with their youth groups to promote **inclusion** and **critical thinking**

Profile of participants: youth workers, teachers, adult educators, and trainers (or other actors in the educational field) eager to act as multipliers after the training course

**Only** residents in these countries: **Serbia, Italy, Spain and Lithuania**
